PUBLIC HEALTH NURSE

We herewith submit the report of the Public Health Nurse:

The work has been carried on in a business-like manner and proved most successful. We ask for the same hearty support in the coming year.

Please keep in mind that the money raised by the town pays the nurse's salary only. The bills for nursing supplies, gas and oil must be paid from fees received. If each patient could pay a small amount for services this could be easily met.

During the year a T. B. clinic, baby clinic and a dental clinic were held.

Respectfully submitted,

ELIZABETH A. DODGE,
MRS. J. F. WOODWARD,
STELLA T. THOMPSON,
N. Y. B. MacKENZIE,

Committee for Public Health Association.

Report of Public Health Nurse

Nurse: Mrs. Grace R. Maynard, R. N.

In April attended the N. H. Conference on Child Health held at Concord. May 1st, attended Health Conference also held at Concord. In September took one baby to a clinic at Manchester, under the direction of Dr. Jones.

During the year eight patients were taken to Franklin, three to Concord, and two to Manchester.

Dental Clinic

On May 4th, Dr. Frank Davis of Bristol visited the schools of Andover and examined every child for dental defects.

May 11th, 12th and 13th, the Dental Clinic was held in the Grange hall. In three days 78 children were treated.

Baby Conference

A Baby Conference was held at the Congregational church, May 27th. There were 48 examined. The youngest examined was six weeks, the oldest six years.

The physical examiners were Dr. MacKenzie and Dr. Robertson.

Mrs. Lois Barton, State Nurse, conducted the clinic, assisted by the Andover nurse.

T. B. Clinic

On October 15th, a T. B. Clinic was held at the Congregational church, under the direction of Miss McCauley, R. N., a T. B. nurse, assisted by the Andover nurse.

The examiner was Dr. Kerr of Manchester.

There were 90 children examined.

Rummage Sale

A rummage sale was held by the Girl Scouts for the benefit of the Nursing Association, which proved to be very successful.

Mrs. Josephine Hamp has given the town a small building for the use of the district nurse, to keep supplies, reports, clothing, where demonstrations can be given and also used as a clinic room.

It is to be entirely supported by means made by private funds, such as giving plays. It is not to be an expense to the town. Numerous donations have already been received.

Money donations have been received from individuals, organizations, etc., for the nurse to use in surgical and medical treatment for children where she knows it is needed. Already three children have had their tonsils and adenoids removed.

REPORT OF ANDOVER TOWN LIBRARY

Since our last report the library has lost a good friend in the death of Mrs. Marcia Hilton. She gave bountifully of her time and of her money that her library might be in order and well kept. She was faithful to her trusteeship, all small details were important details to her and so carefully cared for. Her library work was like her life, generous, simple and conscientious.

Mrs. Grace Bryant Adams was chosen to finish Mrs. Hilton's term of office.

To the many friends who have remembered us with gifts of books, we wish to extend our thanks.

Circulation of both libraries, 5,175.

Year 1931-1932

Only one change was made in the teaching force. Miss Annette Bergeron, who had taught for two years in the Flaghole school resigned, and Miss Gertrude Maloney of Franklin, a graduate of Plymouth Noraml School of the class of 1931, took her place.

It seemed wise not to continue the cadet teachers in the two schools where this type of teacher had been employed for a number of years. Consequently two regular teachers began their work in these schools. Miss Catherine Curran of Franklin, and a graduate of Keene Normal School of the class of 1931, was secured for the Dyer's Crossing school. Miss Curran had previously served as a cadet teacher in this school. Miss Marjorie Marston of Loudon, N. H., and a graduate of Plymouth Normal School, class of 1931, was elected to teach in the Boston Hill school.

The figures given below are for the enrollment of the several schools in the district by grades and are the latest at the time of writing this report.

Enrollment, 1931-1932

Pupils returning to the Flaghole school found almost a new school room awaiting them. The money appropriated for this work was certainly well spent. By enlarging the building a much more workable school room was obtained. By careful planning the size of the room was enlarged, better lighting secured and a more pleasing school room in all respects was the result.

A hard wood floor, attractive paint in three different colors, a white iron sink and a new teacher's desk were other items added to make this a more enjoyable work room.

Since the opening of school and the organizing of the work for the year, my work has been chiefly the giving of reading tests to the pupils from the third grade up through the eighth grade. I did this to determine the ability of the children to get the thought from the printed page and to find the rate of reading or the number of words read per minute.

The results of these tests in most every instance show that the pupil who read below the required rate for the grade did not reach the comprehension score for the grade.

In short conferences with each teacher, the pupils' papers were looked over and remedies suggested to be used in bringing the pupils up to the required level in rate and comprehension.

As an aid to increase the ability of the pupils in the lower grades to read silently, work books to accompany the readers in these grades have been given each pupil. Careful supervision of this phase of teaching reading on the part of the teacher I am sure will soon begin to show the desired results.

Grades 9 and 10

At the request of the parents of the girls enrolled in the ninth and tenth grades, work was begun in these grades September 14.

The two rooms of the firehouse were turned over to the district and these were made ready to serve as a two-year high school.

The requirements of the State Board of Education for a standard two year high school have been met and the approval of this body has been given.

The program as approved by the State Board of Education is printed below:

Grade 9	Hours	Periods
English	5	5
History of Civilization	5	5
Junior Business Training	5	7
General Science	5	5

Grade 10	Hours	Periods
English	5	5
Algebra	5	5
Commercial Geography and History,	5	5
French I	5	5

Due to the fact that a larger number of girls had already done work in the ninth grade, a transition program was offered to take care of the needs of these pupils. This program in which the work of the ninth and tenth grades is combined, follows:

Transition Program

English II	5	5
History of Civilization	5	5
Junior Business Training	5	5
General Science	5	7
Commercial History and Geography	5	5

Six girls are enrolled in the ninth grade and eighteen in the tenth grade. Of this number one comes from Salisbury and three from Wilmot. Tuition at the rate of fifty-five dollars for each pupil per year is being received.

While the school law requires that school boards shall give further instruction beyond the elementary school to children whose parents request it, no such provision is made for work in grades eleven and twelve.

If such instruction is wanted, a special appropriation will have to be made to cover the cost. Probably \$1,350.00 would cover this additional expense.

High School Attendance, 1931-1932

Franklin

Rate of tuition, \$75.00 per year

Name	Grade	Name	Grade
John Belcher	9	Hollis Calley	10
Joseph Hemstock	9	Frederick Kilburn	10
Arthur Jackson	9	John Taylor	10
Harry Walker	9	Clayton Munroe	10

Proctor Academy

Rate of tuition, \$100.00 per year

Name	Grade	Name	Grade
Leslie Ford	9	William Miller	11
Nathan Eastman	9	Ray Sweatt	11
Edmund Hemon	9	James Whittemore	11
Stuart MacKenzie	9	George Young	11
Clarence Moore	9	Harry Burnham	12

Herbert Young	9	Harry Rivers	12
Willis Buswell	10	John Sanborn	12
Robert Rivers	10	Arlene Andrews	12
Clyde DeBay	10	Marion Andrews	12
Harry Gibson	10	Isobel Gray	12
Amos Johnson	10	Elinor Hall	12
John Keniston	10	Verna Hines	12
Elmer Clark	11	Phyllis Weed	12

Total:

12 pupils at Franklin at \$75.00,	\$900 00
30 pupils at Proctor, at \$100.00,	3,000 00
Total tuition paid,	\$3,900 00

As near as can be estimated at the present time, \$3,565.00 should be raised for high school tuition for the year 1932-1933. This figure is based on the supposition that the pupils now attending will continue to attend the same schools as at present and that certain new pupils will attend either Franklin or Proctor Academy. Should the district vote not to offer work for the girls of the eleventh and twelfth grades, an additional amount must be raised to pay the tuition of this group.

Repairs

The Boston Hill school needs to be painted on the outside, and some sort of a floor is needed in the wood shed. Seventy-five dollars would probably cover these two items. At the Andover village school the toilets are in a sad state. Inasmuch as there is running water in the building it would seem wise to install flush toilets in place of the present chemical ones. I suggest that this matter be given consideration and that money be raised to change over from the present system.

At this time I would like to thank the members of the school board for their very willing cooperation.

EARLE P. FREESE,
Superintendent of Schools.
